DETAILED ACTION

Claim Rejections - 35 USC § 101 and 35 USC § 112

- The rejection of Claims 1-7 under 35 U.S.C. 101 is withdrawn due to the Board of Appeals decision.
- 2. The rejection of Claims 1-7 under <u>Claims 1-7</u> under 35 U.S.C. 112 is withdrawn due to the Board of Appeals decision.

Claim Rejections - 35 USC § 102

3. The rejection of Claims 1-7 under 35 U.S.C. 102(e) as being anticipated by Puram et al. (US 6,289,340 B1) is withdrawn due to the Board of Appeals decision.

Claim Rejections - 35 USC § 103

- 4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:
 - (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made.
- 5. <u>Claims 1-7</u> are rejected under 35 U.S.C. 103(a) as being unpatentable over Puram et al. (US 6,289,340 B1).
- 6. As per **independent Claims 1, 4, and 5**, Puram discloses a (Web-based, computer system) Skills Matching Application (SMA) which allows a user to communicate

Application/Control Number: 09/759,016

Art Unit: 3629

requirements to technical service suppliers in a way that significantly reduces the process time and improves the accuracy of requests sent to suppliers comprising the steps of: means for accessing the SMA from a Requisition/Catalog (REQ/CAT) application; means for prompting a user through a series of screens to enter a Statement of Work (SOW) and complete a skills detail checklist for each of the technical skills requested (Fig.2-185, C2 L44-50, C5 L60-65); means for receiving from a supplier a candidate or candidates with appended resumes as appropriate; and means for displaying for the user the supplier responses and associated resumes (C8 L30-34).

- 7. Puram fails to expressly disclose means for submitting the request to contracted suppliers by e-mail notification notifying the supplier that a new request has been entered into the SMA application for them to review and submit a candidate against.
- 8. However, Puram does disclose using an Internet accessible interface to automatically review employer needs and match possible candidates (Fig.2-3, C3 L28-47), and it would have been obvious to one of ordinary skill in the art at the time the invention was made for the user to submit a request for a skilled candidate directly to a supplier via-email (e-mail was a well know technology at the time the invention was made), rather than matching candidates having certain desired skills with a database of employer needs via the internet, as the invention disclosed by the prior art of Puram would be an advancement to the invention disclosed by the applicant incorporating automated Internet processing into the element steps of requesting and receiving matching candidates, as disclosed by the applicant.

Application/Control Number: 09/759,016

Art Unit: 3629

- 9. As per Claims 2 and 6, Puram discloses wherein the SMA and REQ/CAT applications are Web-based and an SMA Web site is provided for suppliers to access to view request details and submit a candidate or candidates (Abstract, Figs.1b and 1c).
- 10. As per Claims 3 and 7, Puram discloses responding to a user's selection of a candidate or candidates by invoking an approval and procurement process (C7 L65-67, C9 L3-10).

Response to Arguments

11. Therefore, applicant's arguments filed 3/31/2003 have been fully considered but are moot in view of the new ground(s) of rejection.

Conclusion

- 12. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jonathan Ouellette whose telephone number is (703) 605-0662. The examiner can normally be reached on Monday through Thursday, 8am 5:00pm.
